

## School Coordinators Instructions: For Expired Ziploc® Box Tops (Nov 2018)

### **Background:**

Some Ziploc® packaging has expired Box Tops on them (Nov 2018). We are communicating to consumers that they should continue to collect these expired Box Tops and send them to their schools. HOWEVER, **School Coordinators** should contact **our customer service line (1-800-558-5252)** with their school ID and number of Ziploc® expired Box Tops. We will send valid replacement Box Tops to the School Coordinator.

Note: while consumers can send expired Ziploc® Box Tops to schools, **under no circumstances can expired Box Tops be included in a submission/be sent to Box Tops for Education.**

Expired Ziploc® Box Tops are expected to be on store shelves through June 2019.

We sincerely apologize for any inconvenience and will ensure schools are fully reimbursed for any expired Ziploc® Box Tops received.
